

This is Willard.

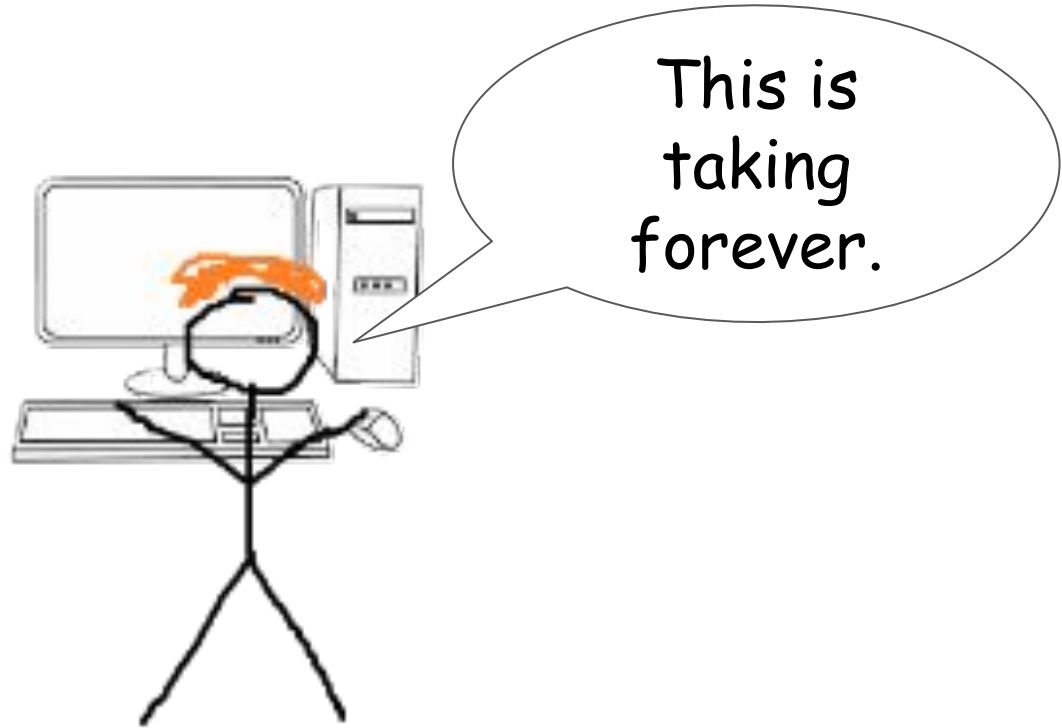

Hey

Willard is color blind.

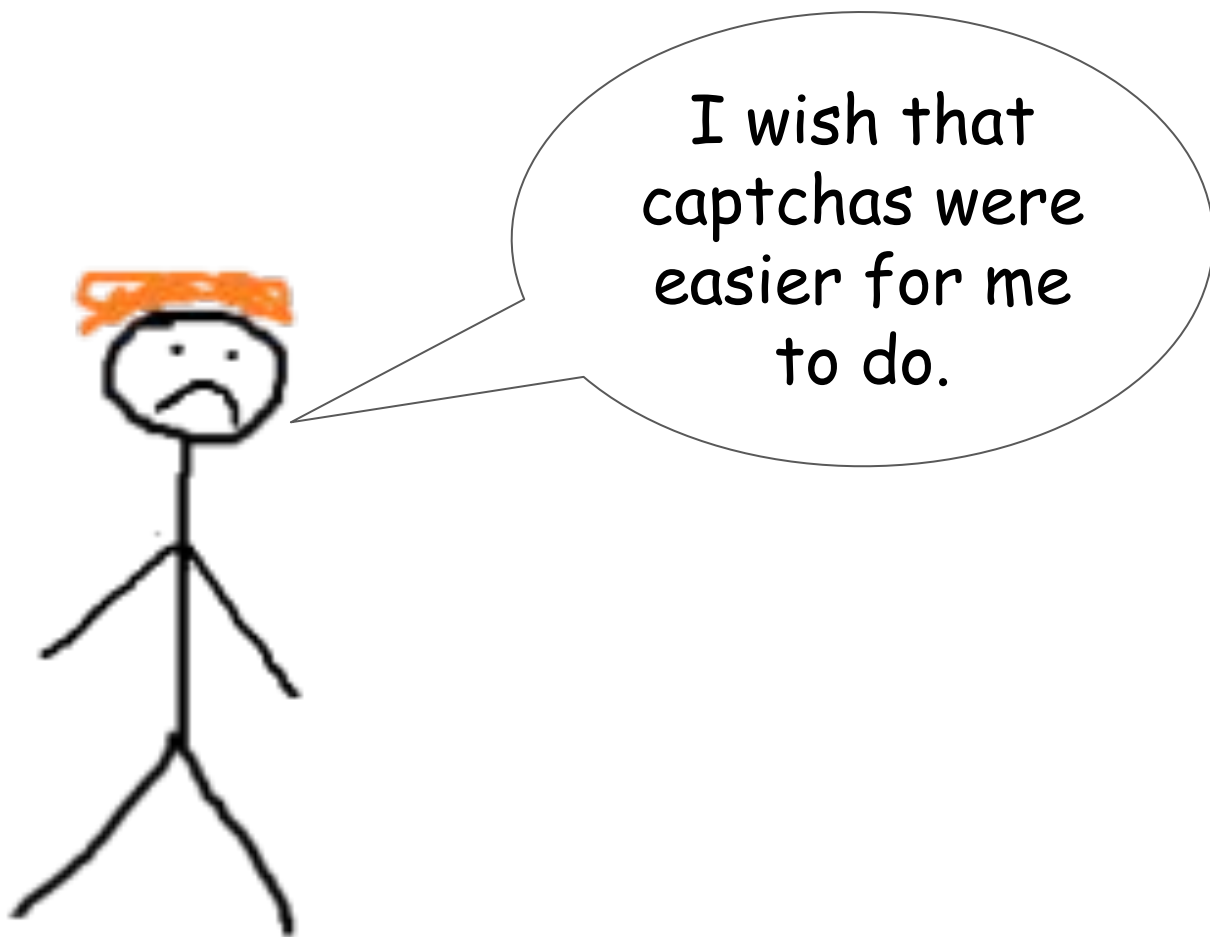

This makes some captchas hard for Willard.

Probably because things like this exist.

If only there was something to help him out...

UGHHH. ANOTHER  
CAPTCHA????

Time: 10:06 am

A dimly lit office interior at night. In the foreground, a wooden desk with a blue metal frame and drawers is visible. On the desk, there are some papers and a small object. Behind the desk, a window with light blue curtains is partially visible. To the right of the window, a tall green plant stands in a pot. The room is dark, with light coming from the window and possibly a desk lamp. The overall atmosphere is quiet and still.

Six Hours Later...

A man with glasses and a beard is shown in a circular inset, appearing to be part of a virtual environment. He is standing behind a desk that has a laptop, a keyboard, and several papers on it. The background of the virtual environment shows a modern office with large windows and a potted plant. A speech bubble points to the man, and a large white box with black text is on the right side of the image.

Okay, that should be  
the last CAPTCHA
